## Principal's Message

Br. Shahid Mughal FSC

Dear Parents, Students, Teachers and Alumni,  
Lasallian Greetings!

We have reached the end of the school year despite the number of changes, our students and staff have persevered together and grown stronger as a result.

The youth are regarded as the asset of a community. The future survival of a community depends upon the intellectual, spiritual, educational, and physical development of its youth.

Lasallian schools are not only an alternate solution but a hope for parents who expect to see their dreams come true. The goal of our school is to make our children the best human and the best students.

At our school, we want to educate our youth to be good law-abiding citizens. They are trained to uphold the moral code brought by all the prophets, forbid evil, and believe in the true God the Almighty.

As I reflect on the beginning of this school year, I am amazed at how much has been accomplished i.e. Completion of Christie Dorus Sports Complex with the renovation of the girls' section, 100% success in the BISE Annual Examination 2022, Became the Champion by winning all the finals in Inter Lasalle Sports Meet 2022. While 2022 has been one of the most challenging years, there are many things for we are grateful to God.

Here I would like to admire all our teaching and support staff as they have put aside their worries each day to make sure that our students are feeling safe, happy, and productive.

I want to take the opportunity to thank everyone – staff, parents, and students for their diligence and cooperation over the past few months. We are looking forward to welcoming students back to school on January 9th, 2023.

On behalf of the entire staff at La Salle, I would like to wish our families a Merry Christmas and a happy new year 2023. We hope that 2023 will bring everyone much peace, joy, and success.

Respectfully and with gratitude,

Brother Shahid Mughal  
Principal

## Advent Recollection Day

At La Salle High School and College Faisalabad, the staff is blessed to have a day of recollection in every lent and advent season. Likewise, in the month of December during the advent season, the school organized a day of recollection for staff, and this year five different schools participated and all had a fruitful experience together. Rev. Fr. Abid Tanveer, the Vicar General of the Faisalabad Diocese, as facilitator highlighted the importance of the advent season and explained the true meaning of Christmas which is to love others as Jesus did, and be humble and as Jesus is.

The inspirational talks and the personal time for reflection helped our staff in preparing them to welcome Jesus into their hearts. Also, teachers participated in the sacrament of confession as a source of getting God's blessings, which was followed by the Holy Mass offered for the teachers. In this way, it was a successful recollection day for all the teachers.

## Christmas City

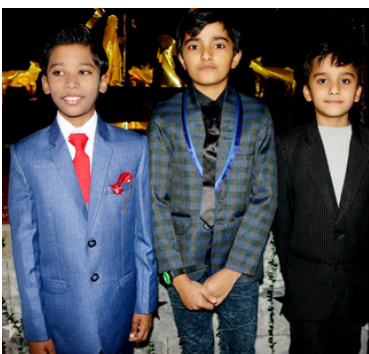

Every year staff and students at La Salle High School and College, Faisalabad, celebrate the Christmas season with great passion to commemorate the birth of Jesus. The school and college set up a "Christmas City" to provide a peaceful Christmas environment for students and parents. ## **La Salle Integrated Judo Karate - Shotokan Martial Arts in Physical Education**

Sports play an important role in life for staying fit and healthy. By playing sports the students develop a sense of friendliness among the children as well as team spirit. Children should be taught some physical activities or sports at a very early age to promote a healthy body and lifestyle.

One such sport is Martial Arts. It can not only keep you fit and healthy, but it is also useful for self-defense.

In today's world, self-defense has become very necessary to safeguard ourselves from anti-social elements in society. When women feel they are not safe, martial art can come in handy for females to protect themselves. Generally, it was thought that martial art is a masculine practice, but girls can equally practice martial art and defend themselves.

Boys and Girls are being offered Kung Fu/karate classes during school hours as part of the initiative.
